

# Fixed Assets

## *Increased Control Over Your Financials*

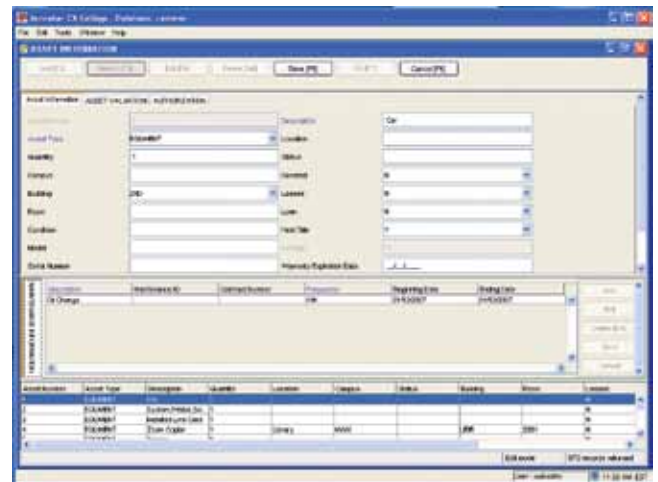

Jenzabar CX Fixed Assets delivers asset management, depreciation, disposal and reporting in a fully integrated accounting and management environment. Jenzabar CX Fixed Assets helps your institution maintain control of your fixed/capital assets and expenditures as part of the keys for budgetary and fiduciary responsibility. The Fixed Assets component is included as part of the General Ledger module and integrates seamlessly with the Jenzabar CX Requisition, Purchasing and Accounts Payable modules. Reporting capabilities provided in the component offer you visibility into your asset inventory so you can control, reconcile, and manage expenditures; and prepare for capital budgeting and financial audits. Jenzabar CX Fixed Assets lets you manage the fixed asset lifecycle from acquisition to disposal while efficiently maintaining and processing the depreciation of assets.

### Maintain and Control Assets

- Enter, track and review information for each asset, including acquisition costs, expected life, salvage value, maintenance history, improvements, purchase information and notes.
- Review accumulated depreciation detail for assets
- Assign assets to various locations on campus
- Track authorization for acquisition of assets; identify who is responsible while the asset is in service
- Record depreciation to the General Ledger module for review and posting
- Dispose of assets and calculating gain or loss on the disposal
- Follow an audit trail to the purchasing documents used to acquire the asset, such as the purchase order and accounts payable invoices
- Track non-depreciable assets for inventory control purposes

### Record and Customize Assets

- Create and customize asset types and classes of assets to meet your institution's needs
- Re-classify assets that should not be capitalized

Fixed Assets: Asset Information Window

### Efficient Asset Management

- Integrated with Purchasing and Accounts Payable
- Included as part of the General Ledger module
- Secured access to only authorized users
- True subsidiary control of fixed assets keeps your General Ledger balances in synch with the subsidiary detail

### Additional Functions and Features

- Summaries of General Ledger entries
- Depreciation expense schedules

- Asset acquisition reports
- Asset disposal reports
- Inventory control reports
- Accumulated depreciation reports
- Gain/loss of disposal of asset reports
- Ability to create your own custom reports
- Customizable screens and data elements to fit your institution's needs and workflow
- Complies with GAAP, FASB and GASB regulations

### Streamline Operations with Jenzabar CX

Offered on the UNIX® platform with a Java® user interface, Jenzabar CX enables every office on campus to access, update, and store crucial data more easily and efficiently. Authorized users share real-time information across administrative and academic departments, helping you to streamline operations and optimize your business processes.

- ▶ Shared database eliminates duplicate work, increasing administrative productivity and accuracy
- ▶ Powerful reporting tools provide end-user access to essential information and processes
- ▶ Student information is tracked from applicant stage through alumni/ae stage, supporting student success

From Admissions to Advancement, Jenzabar CX helps you deliver prompt, personalized service to prospects, students, alumni, families, and friends.

### A Complete Set of Jenzabar CX Modules

Jenzabar CX offers a complete set of fully integrated modules to help manage your student information and business office data—each sharing a common database and standard user interface.

- ▶ Accounts Payable & Purchasing ▶ Accounts Receivable
- ▶ Admissions ▶ Enterprise Reporting ▶ Financial Aid
- ▶ **Fixed Assets** ▶ General Ledger ▶ Grading & Transcripts
- ▶ Human Resources ▶ Institutional Advancement
- ▶ Loan Processing ▶ Registration ▶ Student Affairs

### Build Lifelong Relationships with Jenzabar

You can further extend the functionality of Jenzabar CX through our constituent relationship modules (CRMs), which let you offer Web-based self-service to all constituents. CRMs provide tight integration between Jenzabar CX and our Web portal, Jenzabar's Internet Campus Solution. From applicants to alumni, your constituents can access administrative and academic data anytime, anywhere via the portal—and the data they enter into any Jenzabar CRM is integrated with Jenzabar CX. Jenzabar gives your institution the power to build lifelong relationships with every constituent—so candidates become students, students become graduates, and alumni become donors.
