

PowerFAIDS®

Rely on the Most Advanced and Flexible Financial Aid Software System

PowerFAIDS meets the needs of any financial aid office, large or small, and is easily integrated with Jenzabar EX. PowerFAIDS combines a broad range of data processing services into a single, easily manageable solution. PowerFAIDS manages federal aid requirements and your institutional aid programs and objectives, and gives your staff the information and tools they need to provide smarter, faster service. PowerFAIDS automates your entire aid process and eliminates hours of tedious paperwork. It manages student eligibility, verification, grant management—including Pell, Academic Competitiveness Grants, and National SMART Grants, award packaging, loan origination—including alternative and Graduate PLUS loans, reporting, and research.

PowerFAIDS Has a Long List of Special Features

- Provides automated integration with Jenzabar EX student information systems to give your institution a seamless view of student data
- Automates and enhances your interaction with students using functionally rich communications, including the ability to e-mail students directly from PowerFAIDS
- Expands customer service to students and provides data to other campus office colleagues more efficiently through optional PowerFAIDS Web modules
- Speeds your loan processing and eliminates double data entry with a CommonLine export process for FFELP and Alternative Loans
- Permits you to schedule regular activities, such as External Updates and generation of reports
- Supports complex enrollment patterns using your institution's academic calendar
- Streamlines time-consuming functions such as cost of attendance construction and document tracking
- Automates computation of Federal Methodology and Institutional Methodology need analysis
- Manages unlimited funds—controlling both student eligibility and fiscal recordkeeping
- Provides sophisticated aid packaging algorithms so you can implement your institutional aid policies efficiently
- Includes an extensive data dictionary with hundreds of institutionally defined data fields
- Integrates easily with the Federal Common Origination and Disbursement (COD) System
- Automates disbursement functions according to federal and institutional rules
- Provides powerful reporting, including FISAP and the Common Data Set Survey, as well as a custom reports tool that lets you create reports on demand
- Rolls over your funds, packaging formulas, budgets, student data, and other key information each year automatically with Parameter Roll feature

The Sophistication of PowerFAIDS Technology Makes It Easy to Use

Forget the days and nights of batch jobs your computer center staff has to handle. Now, your own staff can perform operations during regular office hours with PowerFAIDS. It's an intuitive, Windows®-based solution, that's easy to use. Unlike some systems that can take years to implement, you can be productive with PowerFAIDS in weeks. Jenzabar helps you install PowerFAIDS, works with you on implementation, and provides initial training, while The College Board provides ongoing technical support, upgrades, enhancements, and free online training.

Power Connections to Other College Board Enrollment Solutions

- PowerFAIDS with CSS/Financial Aid PROFILE® helps you make informed decisions about financial aid and meet your awarding and enrollment objectives
- PowerFAIDS and EPS® let you preview and analyze your aid applicant pool

- PowerFAIDS and Recruitment PLUS™ let you streamline the recruitment and enrollment process of each new class
- PowerFAIDS and IDOC™ work together to give you online access to key documents—no more missing files!
