

Grading & Transcripts

Promote Academic Progress and Student Satisfaction

Jenzabar CX Grading & Transcripts provides your faculty with the ease of automated grade entry, plus the flexibility to use any grading scheme, change grade entries, and block grade changes. Students can print their own grade reports and unofficial transcripts. In addition, the module enables faculty advisors to create degree plans and view student course work that doesn't satisfy degree requirements—supporting multiple majors and degrees and allowing students to create various “what if” scenarios. Jenzabar CX Grading & Transcripts helps your faculty and students work more closely together, resulting in a higher level of student satisfaction and higher retention rates.

Flexible Automated Grade Entry

- Enter grades using any letter, plus and minus signs, and numeric-grading schemes
- Automated mid-term grading

Grade Update Management

- Change grades for all students based on specified definitions, and update student grade point averages and statistics
- Automatically update student classifications
- Enable students to print grade reports
- Produce grade distribution reports
- Produce anonymous grade lists

Transcript Creation

- Create both official and unofficial transcripts
- Include or exclude transfer coursework
- Review transfer work before incorporating it into records
- Update statistics for any or all students
- Automatically generate transcript billing
- Enable students to print their own unofficial transcripts

Student Advising

- Evaluate each student's progress toward graduation
- Suggest alternate courses to satisfy each requirement
- Assess the impact of transfer work on graduation
- Evaluate the effect of course substitutions on student plans
